

# Rural Provider Fund for Special Interest Training 2024

Funding through Rural Service Level Alliance Team Te Tai Tokerau is available to support the formal training of rural Nurses, NPs, allied health professionals, GPs, GP registrars and staff of NGOs and other Hauora Services to improve and promote sustainable rural primary health outcomes, address gaps in unmet needs and allow top-of-scope practice.

This is a one-off funding opportunity with no guarantee of ongoing financial support. Applications will be accepted and processed until the fund is exhausted.

The fund is for formal training and does not support project costs or delivery of any service. Proposals that focus on physical equipment or bricks and mortar infrastructure are unlikely to be successful.
