

POADMS User Guide for Gender-affirming Hormone Therapy in Primary Care

Funding for the initiation and subsequent maintenance of Gender-affirming Hormone Therapy (GAHT) in primary care is now available for extended consultations via POADMS.

Funding Criteria:

- A single extended consultation per patient can be claimed for the initiation of GAHT. Initiation is considered the first GAHT appointment or reinstatement of GAHT with clinical discretion.
- Up to four subsequent follow-up (maintenance) appointments can be claimed within the first 12 months following GAHT initiation.
- The GAHT initiation must occur in a general practice to claim funding for subsequent follow-up appointments.
- A patient co-payment may be charged at the practice's discretion.

Funding and Competency:

- Funding can be claimed by General Practitioners and Nurse Practitioners, who are confident in their competencies to initiate GAHT in primary care, without a routine secondary care referral, and wish to do so, thereby following the Primary Care Gender Affirming Hormone Therapy Guidelines [Primary-Care-GAHT-Guidelines Web 29-Mar.pdf \(otago.ac.nz\)](https://www.otago.ac.nz/primary-care-gaht-guidelines-web-29-mar.pdf)
- Any claims for the funding via POADMS constitute an agreement to provide the services according to the accepted national guidance, and the funding specification (eligibility). Please note, these claims may be subject to clinical audit.
- Further information about GAHT clinical guidelines is available on HealthPathways: [Gender Diversity and Transgender Health](https://www.healthpathways.org.nz/gender-diversity-and-transgender-health)
- For information pertaining to training, please register interest via Qtopia: [Primary Care Training \(qtopia.org.nz\)](https://qtopia.org.nz/primary-care-training)

Eligibility:

- Patients must be 18 years and over.
- Patients are eligible for publicly funded health services in New Zealand (as per Te Whatu Ora criteria) <https://www.tewhatauora.govt.nz/our-health-system/eligibility-for-publicly-funded-health-services/guide-to-eligibility-for-public-health-services/>
- Funded follow-up appointments must occur within 12 months of the initiation appointment.

- Patients can be enrolled or casual.
- Funding is available for all practices within the Northland Region (Te Tai Tokerau)

Claiming:

- Claiming is via the POADMS PMS claiming portal.
- Submit a 'New Referral' using the date of initial consultation and select code 'Gender Affirming Hormone Therapy.'
- Following the consultation, submit an 'invoice' via the claiming portal and select from the four consult options:
 1. Initial appointment with hormone therapy initiated: \$100.00 (excl GST)
 2. Initial appointment without hormone therapy initiated: \$100.00 (excl GST)
 3. Follow-up appointment with hormone therapy initiated: \$50.00 (excl GST)
 4. Follow-up appointment without hormone therapy initiated: \$50.00 (excl GST)
- Clinical notes should not be provided - clinical information will be immediately deleted from the POADMS system.
- Claims can be backdated to 1st July 2025.

Clinicians are encouraged to refer to: [Gender Diversity and Transgender Health](#)

Disclaimer

Auckland PHO administers the Gender Affirming Hormone Therapy in Primary Care Programme. Please note that Auckland PHO cannot provide clinical or referral advice.

For any clinical advice or referral decisions, please contact the relevant hospital service or specialty directly. Guidance on appropriate referral pathways and criteria can be found in [Community HealthPathways Northland](#) where applicable.
